

— 2025-2026 Professional Learning Workshops —

Power Up! Your First Move Into 3D Science Sensemaking

Ready to experience 3D science learning in action? Power Up! Is an intensive two-day workshop that immerses K-12 educators in authentic scientific investigations that reveal how the Next Generation Science Standards come alive in the classroom.

- Dates: October 15 & 17
- Time: 8:30 AM - 3:30 PM
- Location: Battle Creek Area Mathematics & Science Center
- Cost: \$200 (includes materials, refreshments, and SCECHs; bring your own lunch)

Level Up! AI and 3D Assessment Workshop

Take your assessment game to the next level! This comprehensive two-day workshop equips K-12 science educators with cutting-edge skills to design, create, and implement 3D science assessments using AI tools and the Renaissance DnA platform. Walk away with ready-to-use assessment tasks designed to capture student understanding and inform your teaching.

- Dates: October 29 & November 19
- Time: 8:30 AM - 3:30 PM
- Location: Battle Creek Area Mathematics & Science Center
- Cost: \$200 (includes materials, refreshments, and SCECHs; bring your own lunch)
